MERCOLEDI' 11 OTTOBRE
WEDNESDAY 11 OCTOBER

10.10 - 10.30	AQUAPORIN	<u>Energy efficient water reuse and desalination with innovative membrane technology</u> Søren Robenhagen - Business Development Director
10.30 - 10.50	LUALTEK	<u>Semplificare e rendere sostenibile il monitoraggio dei dati da remoto e l'automazione in agricoltura</u> Andrea Cardini - Sales Manager
10.50 - 11.10	KLAR2O	<u>Microplastics & Organic Pollutants (PFAS) - Klar2O Regenerative Smart Surfaces to filter modern micropollutants from water</u> Fähzan Ahmad – Founder and Managing Director
11.10 - 11.30	HYDRO VOLTA	<u>Chemical-free with ZLD recycling for cooling tower blowdown water</u> George Brik - CEO, Co-Founder
11.30 - 11.50	WATERJADE	<u>J-water: previsione degli afflussi per l'ottimizzazione dell'approvvigionamento idrico</u> Matteo Dall'Amico – Hydrogeologist and Founder
11.50 - 12.10	CPC INOX	<u>Vincere la sfida della riduzione delle perdite idriche con l'acciaio inossidabile: il sistema HydraToZero di C.P.C. INOX S.p.A.</u> Fabio Piccinini - Business Development Manager

12.10 - 12.30	SPATIAL INSIGHT	<u><i>The value of data driven Asset Management</i></u> Ignaz Worm - Business developer
14.30 - 14.50	ELLIOT CLOUD	<u><i>A solution for more automated and efficient management of the infrastructure and processes of the integral water cycle</i></u> José Díaz de Greñu – Technical Director
14.50 - 15.10	HULO	<u><i>Unlocking the potential of AI in leak detection and localization</i></u> Robbert Lodewijks – Co-founder & CEO
15.10 - 15.30	LEAKIFY	<u><i>Leakify, Cost-Effective Leakage Detection</i></u> Fabio Veronesi - Founder
15.30 - 15.50	ALPHA CLEANTECH	<u><i>New, Green, and Rapid Decontamination of Ground and Wastewater</i></u> Raymond Hernandez - Senior Business Development Manager
15.50 - 16.10	APPYLAB	<u><i>La piattaforma WaterMate per la gestione delle reti idriche</i></u> Cristiano Di Battista – Co-founder
16.10 - 16.30	ALDAM TECH	<u><i>Maxadox5 – Transforming water treatment with Electrokinetic Disruption</i></u> Howard Alborough - Research & Development Scientist
16.30 - 16.50	METZERO	<u><i>Retrofittable Wastewater Treatment technology that saves money, increases capacity and recovers hydrogen from wastewater</i></u> Pavlina Theodosiou – CTO & Co-Founder
16.50 - 17.10	ISLE UTILITIES	<u><i>Will - accelerate the rate of innovation within the water sector</i></u> Antonia Frisia – Technology Consultant

GIOVEDI' 12 OTTOBRE
THURSDAY 12 OCTOBER

12.20 - 12.40	3S-ANTRIEBE	<u>Smart actuation: Automated valves – components of Smart Water supply networks</u> Axel Sacharowitz - CEO
12.40 - 12.55	SPATIAL INSIGHT	<u>The value of data driven Asset Management</u> Ignaz Worm - Business developer
12.55 - 13.10	APPYLAB	<u>La piattaforma WaterMate per la gestione delle reti idriche</u> Cristiano Di Battista – Co-founder
14.00 - 14.15	CPC INOX	<u>Vincere la sfida della riduzione delle perdite idriche con l'acciaio inossidabile: il sistema HydraToZero di C.P.C. INOX S.p.A.</u> Fabio Piccinini - Business Development Manager
14.15 - 14.30	METZERO	<u>Retrofittabile Wastewater Treatment technology that saves money, increases capacity and recovers hydrogen from wastewater</u> Pavlina Theodosiou – CTO & Co-Founder
14.30 - 14.45	HULO	<u>Unlocking the potential of AI in leak detection and localization</u> Robbert Lodewijks – Co-founder & CEO
14.45 - 15.00	ELLIOT CLOUD	<u>A solution for more automated and efficient management of the infrastructure and processes of the integral water cycle</u> José Díaz de Greñu – Technical Director
15.00 - 15.15	LEAKIFY	<u>Leakify, Cost-Effective Leakage Detection</u> Fabio Veronesi - Founder
15.15 - 15.30	LUALTEK	<u>Semplificare e rendere sostenibile il monitoraggio dei dati da remoto e l'automazione in agricoltura</u> Andrea Cardini - Sales Manager
15.30 - 15.45	ALPHA CLEANTEC	<u>New, Green, and Rapid Decontamination of Ground and Wastewater</u> Raymond Hernandez - Senior Business Development Manager
15.45 - 16.00	HYDRO VOLTA	<u>Chemical-free with ZLD recycling for cooling tower blowdown water</u> George Brik - CEO, Co-Founder

16.00 - 16.15	KLAR2O	<u>Microplastics & Organic Pollutants (PFAS) - Klar2O Regenerative Smart Surfaces to filter modern micropollutants from water</u> Fähzan Ahmad – Founder and Managing Director
16.15 - 16.30	AQUAPORIN	<u>Energy efficient water reuse and desalination with innovative membrane technology</u> Søren Robenhagen - Business Development Director
16.30 - 16.45	ALDAM TECH	<u>Maxadox5 – Transforming water treatment with Electrokinetic Disruption</u> Howard Alborough - Research & Development Scientist
16.45 - 17.00	WATERJADE	<u>J-water: previsione degli afflussi per l'ottimizzazione dell'approvvigionamento idrico</u> Matteo Dall'Amico – Hydrogeologist and Founder
